So long as such business is on the property of the Employer, the Employer shall provide coverage for said official or

representative, and such meetings, hearings, and representation shall not commence until such coverage has been provided.

- 8.2 Computer use shall be in accordance with City of Palm Bay Personnel Rules and Regulations. However, the Union may use e-mail and the City computers for Union business as long as it does not interfere with the efficient operation of the Employer. The Union shall not store any Union data or documents on Employer computers, without prior written authorization from the Fire Chief or designee.
- 8.3 Up to a maximum of two union officials/representatives may be off on Union Pool time for Union activities without being counted into the Article 32 cap. A 72-hour notice, when possible, will be given to Fire Department administration to assist in scheduling.

- 9.3 The Human Resources Director may authorize removal of offensive postings. Postings that are removed shall be given to the IAFF President with an explanation as to the reason for the removal.

ARTICLE 10 GRIEVANCE PROCEDURE

- 10.1 Any grievance (founded on an alleged violation) of the terms and conditions of this Agreement, shall systematically follow the three (3) step grievance procedure as outlined herein. Any grievance filed shall refer to the provision or provisions of the Agreement alleged to have been violated and shall adequately set forth the facts pertaining to the alleged violation. Such grievance shall be limited to an application or non-application of this Agreement to factual situations inasmuch as the legal interpretation of this Agreement is to be determined by the case and statutory law of the State, together with the Charter and ordinances of the City of Palm Bay. Grievances submitted concerning a termination/dismissal shall be submitted at the step three (3) level.
- 10.2 A member having a grievance as above defined shall submit it pursuant to the following procedures:

STEP ONE

The member may present his grievance, orally or in writing, to the Battalion Chief.

At this discussion between the member and the Battalion Chief, either of them may request that the designated Union Grievance Representative be present. Discussions will be for the purpose of settling differences and will be informal and in the simplest and most direct manner. It is understood that no member will leave his work place for the purpose of discussing a grievance without first obtaining permission from his Immediate Supervisor/designee. The Battalion Chief shall reach a decision and communicate it, in the same manner as presented by the member, to the member and the designated Union Grievance Representative within five (5) working days from the day the grievance was presented.

NOTE: A working day is considered for this article as any day that City Hall is open for business.

STEP TWO

If the grievance is not settled at the first step, the member within five (5) working days after the day the decision was due in step one, may reduce the grievance to writing and present it to the Fire Chief. The Fire Chief shall obtain the facts of the case to this point, and may hold a conference with all parties concerned. Within five (5) working days after receipt of the grievance, the Fire Chief shall notify in writing the member and the designated Union Grievance Representative of his decision on the grievance.

STEP THREE

If the answer from the Fire Chief in Step Two is not considered satisfactory by the member, the member and/or the designated Union Grievance Representative may within five (5) working days after the day the decision was due in step two present the written grievance to the Human Resources Director. A meeting shall be held within five (5) working days after receipt of the grievance, unless such time is extended by mutual agreement. At this meeting there will be a full disclosure of all facts relating to the grievance at hand. The Director of Human Resources, or designated representative, will, within five (5) working days after the meeting, render a decision on the resolution of the grievance and furnish a copy in writing to the member, and to the designated Union Grievance Representative or the Union President.

10.3 Rules for Grievance Processing

It is agreed:

10.3.1 A member covered by this Agreement may elect to pursue his grievance either through the City Policy and Procedures or through the grievance procedure as provided in Article 10.2.

However, once the member or the Union file a grievance under either procedure, then such grievance may not be changed from one procedure to the other. A grievance must be brought forward within five (5) working days after the occurrence of the event giving rise to the grievance or within five (5) working days after the member, through the use of reasonable diligence, should have obtained the knowledge of the occurrence of the event giving rise to the grievance.

10.3.2 Time limits at any stage of the grievance procedure may be extended by written mutual agreement by the parties involved at the step.

10.3.3 A grievance not advanced to the higher step within the time limit provided shall be deemed permanently withdrawn and as having been settled on the basis of the decision most recently given. Failure on the part of the Employer's representative to answer within the time limit set forth in any step will entitle the member to proceed to the next step

10.3.4 For the purpose of the grievance procedure only, the day on which the grievance is presented and received by either party shall not be included.

10.3.5 A grievance presented at Step Two and above shall be in writing, dated, and signed by the member and/or the Union Grievance Representative.

An answer given and returned to the member or the Union shall be dated and signed by the member representative at that step.

10.3.6 In settlement of any grievance resulting in retroactive adjustment, such adjustment shall be limited to five (5) calendar days prior to the date the grievance was presented at Step One. This rule shall not apply to pay inequities.

10.3.7 When a grievance is reduced to writing, there shall be set forth all of the following:

- A complete statement of the grievance and facts upon which it is based, including the date of occurrence or discovery;
- The section or sections of this Agreement claimed to have been violated; and
- The remedy or correction requested.

10.3.8 A conference may be called by either party at any step of the grievance procedure.

10.3.9 Any grievance filed on behalf of two (2) or more members and in accordance with the grievance procedure shall be signed by the designated Union Grievance Representative and shall enter the grievance procedure at Step Two.

10.3.10 Nothing in this contract shall be construed to prevent any public member from presenting, at any time, his own grievance in person or by legal counsel and having such grievances adjusted without the intervention of the bargaining agent; provided the adjustment is not inconsistent with the terms of this Agreement. If the aggrieved member chooses, the bargaining agent will be given a reasonable opportunity to be present at any meeting called for the resolution of such grievance. The Union President shall receive copies of all correspondence with regard to grievances of any member, whether or not the Union is representing such aggrieved member.

10.3.11 The designated Union Grievance Representatives shall be one of the following Executive Board Members:

- Union President
- Union Supervisory Unit Vice-President
- Union Rank and File Vice President
- Union Secretary
- Union Treasurer
- Union Attorney
- Duly appointed FPF or IAFF Representative

10.4 Arbitration

If the grievance is not settled in accordance with the provisions of Article 10.2, the aggrieved member or the Union may request arbitration by personally serving written notice, no later than ten (10) working days after receipt of the Employer's response in Step Three on the Human Resources Department of its intent to arbitrate the grievance. The written notice shall include a written statement of the specific provision(s) of this Agreement at issue. A grievance is considered to be withdrawn and settled if not appealed to arbitration within ten (10) working days after the Employer's response was due in Step Three.

SECTION 1

Notwithstanding the following provisions of this section, an arbitrator may be mutually selected by the parties to the arbitration proceedings. If an arbitrator cannot be selected by mutual agreement of both parties, then within five (5) working days after the receipt of the appeal to arbitration, the parties shall jointly request the services of the Federal Mediation and Conciliation Service to furnish a panel of five (5) impartial arbitrators particularly skilled in matters involving local government employee relations. The parties shall take turns alternately striking names from the panel until one (1) name is left. The grievant shall have the first strike. The remaining name on the list shall be the arbitrator. The arbitrator shall be notified of his selection no later than five (5) working days by a joint letter from the Employer and the Union requesting that he set a time and place for the hearing.

SECTION 2

The arbitration shall be conducted under the rules set forth in this Agreement. The arbitrator shall have no authority to modify, amend, ignore, add to, subtract from, or otherwise alter or supplement this Agreement, or any part thereof or any amendment thereto. The arbitrator shall consider and decide only the specific issue(s) submitted to him in writing by the parties and shall have no authority to consider or rule upon any matter which is not specifically covered by this Agreement. All testimony given at the arbitration hearing shall be given under oath. The arbitrator may not issue declaratory or advisory opinions and shall be confined exclusively to the question(s) which are presented to him, which question(s) must be actual and existing.

The arbitrator shall submit in writing his decision within thirty (30) days following the close of the hearing or the submission of briefs by the parties, whichever is later, provided that the parties may mutually agree in writing to extend said limitation. Consistent with this section, the decision of the arbitrator shall be based exclusively upon specific findings of fact and conclusions based thereon, which findings of fact and conclusions shall be the predicate for any decision made by him. In rendering any decision, the

arbitrator shall only consider the written, oral, or documentary evidence submitted to him at the hearing.

The decision of the arbitrator shall be final and binding on both parties, subject to those challenges permitted by law. If any event occurred or failed to occur prior to the effective date of this Agreement, it shall not be the subject of any grievance hereunder, nor shall the arbitrator have the power to make any decision concerning such matter.

SECTION 3

The compensation and expenses of the arbitrator shall be borne by the losing party as determined by the arbitrator. Where the Union does not represent the aggrieved member and the arbitrator rules in favor of the Employer, the aggrieved member shall be the losing party and will bear full cost of the compensation and expenses of the arbitrator.

In the event of a compromise award, the arbitrator's fees and expenses shall be borne equally by the parties to the arbitration. Each party shall bear the cost of preparing and presenting its own case. The party desiring a record of the proceeding shall pay for the record and/or stenographic services.

ARTICLE 11 SICK LEAVE

11.1 A member who is incapacitated and unable to work shall notify his supervisor at least one (1) hour prior to his scheduled reporting time as designated by the department. The procedure shall be followed for each day the member is unable to work, unless the Fire Chief/designee gives prior approval.

11.2 Sick leave is paid time granted to members for the following purposes:

- Personal illness or injury
- Personal medical, surgical, or optical appointments, dental examinations or treatment which is necessary during working hours.
- To supplement workers' compensation
- Medical disability resulting from pregnancy/child birth
- Care for or the attendance upon a member of a member's immediate family who is afflicted with a serious disease, debilitating injury or serious illness. Immediate family member for purposes of this article shall be defined as: spouse, children, or dependents, and parents.

11.2.1 Members requesting sick leave, which may qualify them for Family Medical Leave Act (FMLA) designation, are responsible for immediately

notifying the Human Resources Director or the Human Resource and Benefits Coordinator and completing the required FMLA forms to have their FMLA request considered.

- 11.3 Full time, shift members shall earn sick leave at the rate of twelve (12) hours per month of employment for up to ten (10) full years of service, except as noted in Section 11.4, below. Full time shift members who have more than ten (10) full years of service shall earn sick leave at the rate of fifteen (15) hours per month. Full time, non-shift members with less than ten (10) full years of service shall earn sick leave at the rate of eight (8) hours per month, except as provided in Section 11.3, below. Full time non-shift members who have ten (10) or more full years of service shall earn sick leave at the rate of twelve (12) hours per month of employment. Accrued sick leave is sick leave which is earned but unused at any given time. Probationary members shall not be entitled to the use of sick leave for the first six (6) months of employment; however, probationary members shall accrue sick leave for the first six (6) months of employment as provided in this Article.
- 11.4 A shift member who is hired and begins work on or before the fifteenth day of the month shall earn twelve (12) hours of sick leave for that calendar month. A non-shift member who is hired and begins work on or before the fifteenth day of the month shall earn eight (8) hours of sick leave for that calendar month. A member who begins work after the fifteenth day of the month shall begin to accrue sick leave from the first day of the month following employment.
- 11.5 The Fire Chief, or designee, may require a medical certificate signed by a licensed physician to substantiate a sick leave request for:
- 11.5.1. Any period of absence due to illness of two or more consecutive shifts, for shift members, or three or more consecutive days for non-shift members.
 - 11.5.2. Any period for which sick leave is claimed while a member was in approved vacation status.
 - 11.5.3. Sick leave of any duration if the member in question has demonstrated a habitual or recurrent pattern of absence from duty and has been warned that a certificate will be required as a result. Such medical certificate may be required to be provided at the member's expense.
- 11.6 The Employer desires to provide an incentive for members to use sick leave only when actually ill. Therefore a shift member may trade back up to 192 hours of sick leave annually, provided the member maintains at least 360 hours of unused sick leave. A non-shift member may trade back sick leave up to 64 hours annually, provided the member retains at least 120 hours of unused sick leave

each calendar year. This leave may be traded back at the rate of one hundred percent (100%) for additional vacation leave. Trade back of sick leave shall not be considered a use of sick leave, however a member's balance of accrued sick leave shall be reduced by the amount of sick leave hours exchanged for vacation leave hours.

- 11.7 Any member who claims sick leave under false pretenses shall forfeit his sick leave pay for any time taken off and be subject to disciplinary action. The member will have the time without pay.
- 11.8 All earned sick leave in excess of 1,152 hours of sick leave will be paid annually in a lump sum on or about November 15 each calendar year.
- 11.9 In the event a member is unable to perform his regular duties due to illness or injury, the Employer will use its best efforts to assign the member to "light duty" consistent with the member's medical condition. The Employer may require a second medical opinion before placing a member in a light duty assignment. The parties recognize that an appropriate light duty assignment may not always be available. Members who have suffered an on-the-job injury will be given priority for those light duty assignments - that are available within the Fire Department. In making light duty assignments, assignments within the Fire Department shall be given first priority, followed by any light duty assignment available throughout the Employer.
- 11.10 Any member on sick leave shall be paid straight time for any and all holidays that occur while on such leave. Such time shall not be charged to sick time.
- 11.11 A member making a City-wide or interdepartmental transfer will maintain his accrued sick leave.
- 11.12 Members who are separated in good standing shall receive pay for their accrued and unused sick leave at a rate of fifty percent (50%) for all leave in excess of eighty (80) hours. Members who retire under normal retirement, shall receive pay for their accrued (unused) sick leave at a rate of seventy-five (75%) percent. and shall have the option of a lump sum payout on their final check or placing the payout of sick leave in the ICMA VantageCare Retirement Health Savings Plan (See Article 33).
- 11.13 Members who give a sixty (60) hour advance notice for doctor appointments shall be charged actual time. Members not giving a sixty (60) hour advance notice shall be charged a minimum of twelve (12) hours. If the use of sick leave does not cause overtime, the member may return to work in less than 12 hours and be charged with actual time off.
- 11.14 If a member dies on or off duty, the member's estate shall receive full payment of all remaining accrued sick leave.

**ARTICLE 12
BEREAVEMENT LEAVE**

12.1 Shift members covered by this Agreement shall be granted, upon approval of the Fire Chief/designee, the following time off with pay: In the event of death of a member's spouse or child, or step child living in the member's household; three shifts (72 hours) if not on duty or the balance of the on duty shift and the next three (3) consecutive shifts if on duty. In the event of the death of an immediate family member the member will be granted one shift (1) for an in-state funeral and two shifts (48 hours) for the out-of-state funeral of an immediate family member. The Fire Chief or designee can make exception to allow for step children not living in the members' household, to be treated as living in the household as the Fire Chief or designee deems appropriate.

Non-shift members shall be granted, upon approval of the Fire Chief/designee, the following time off with pay: sixty-four (64) working hours in the event of death of a member's spouse or child, or step child living in the member's household three (3) eight (8) hour days for the in-state funeral of an immediate family member, and five (5) eight (8) hour days for the out-of-state funeral of an immediate family member.

Proof of death in the form of obituary notice or funeral home notice shall be submitted.

12.2 The member's immediate family shall be defined as the member's: father, mother, father-in-law, mother-in-law, stepchild not living in the member's household, ward, brother, sister, brother-in-law, sister-in-law, grandparents, son-in-law, daughter-in-law, grandchildren, and spouse's grandparents.

12.3 Bereavement leave shall not be charged against any sick or vacation time except as noted in Article 12.4 of this Agreement.

12.4 Should a member require additional time other than provided in Article 12.1 of this Agreement, he may request additional time from the Fire Chief/designee. Any additional time used may be charged to accrued sick or vacation leave, subject to the approval of the Fire Chief/designee.

**ARTICLE 13
MILITARY LEAVE**

13.1 The Employer and the Union agree to conform to all County, State, and Federal laws dealing with military leave.

13.2 When formally requesting military leave, the member will submit through appropriate Fire Department channels proof of duty by copy of his order from the appropriate military commander.

13.3 The Union recognizes the right of Council to authorize pay on an incident basis.

**ARTICLE 14
JURY DUTY**

14.1 If a member is called for jury duty, he shall promptly notify his supervisor so that arrangements may be made for his absence from work. Notification shall be at least seventy-two (72) hours before jury duty is to commence, or immediately if the employee has been notified of jury duty less than seventy-two (72) hours prior to commencement. Management shall abide by the law pertaining to absence for jury duty.

14.2 Member's serving as jurors during normal duty hours shall be paid at regular time equal to normal work schedule, less the sum received as juror's pay for the time served. The member may keep any pay received for jury duty scheduled on days off. The member shall furnish written evidence to the Employer showing the performance of and compensation for jury duty. Mileage payments shall not be included when calculating jury duty pay. Verification of jury duty while on vacation must be by written verification from the Clerk of the Court and presented to the immediate supervisor after returning from jury duty.

**ARTICLE 15
VACATION LEAVE**

15.1 Members shall be entitled to earn and accrue vacation leave with pay as provided in this Article. Members shall not be eligible to use vacation leave until satisfactory completion of six (6) months of service. During the probation period, probationary members shall accrue vacation time in the normal manner.

15.2 Accrual Computation and Liquidation of Vacation Leave

15.2.1 Full-time regular members shall earn vacation leave as follows:

If the CPI-U exceeds 5%, the Union may request to reopen this article.

In the event that the CPI-U index base is changed from the current standard reference base of 1982-84 = 100 or other changes in the structure of the index are made by the BLS, the Union and the Employer agree to make any adjustments recommended by BLS in the following fiscal year. BLS recommendations for calculating index changes shall be considered.

ALCOHOL AND SUBSTANCE ABUSE POLICY AND TESTING

- 39.1 Purpose:
 - 39.1.1. It is the Employer's policy that members present themselves for duty, free of the influence of illegal drugs or other intoxicants. The use of illegal drugs and the abuse of alcohol by City employees constitute a danger to the employee, fellow employees, and the general public. The use, sale, or possession of an illegal drug or alcohol in the workplace may negatively affect the Employer's efficiency in providing service to its citizens and can have an adverse impact on how the public perceives the City and its employees. The use, sale, or possession of an illegal drug by Firefighters is more serious because it destroys the credibility of the Firefighter and adversely impacts the employee's job performance. For this reason, the possession, distribution, manufacture, sale, or being under the influence of an illegal drug by a Firefighter will be grounds for immediate termination.
 - 39.1.2 The use, consumption, possession, distribution, manufacture, or being under the influence of illegal drugs or alcohol by members while performing job duties for the Employer is specifically prohibited.
 - 39.1.2.1 Members are prohibited from possessing an open container of alcohol, using, distributing or being under the influence of alcohol while on the job or on City property. City property includes such areas as parking lots, vehicles, break rooms and locker rooms.

39.1.2.2 The use, consumption, possession, distribution, manufacture, sale, or being under the influence of illegal drugs, whether on or off duty, is prohibited as it may affect on-the-job performance and the confidence of the public in the Employer's ability to provide services and meet its obligations. The use, consumption, possession, distribution, manufacture, sale, or being under the influence of illegal drugs by members at any time, whether on duty or off duty, is specifically prohibited and is grounds for immediate termination.

39.1.2.3 If a member has knowledge of the use and/or presence of alcohol or illegal drugs in the workplace, he should immediately report this information to his supervisor or to the Human Resources Department. Reports, complaints and investigations will be kept confidential to the extent permitted by law.

39.2.3 "Confirmation test", "confirmed test" or "confirmed drug test" means a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. This confirmation method must be capable of providing requisite specificity, sensitivity, and quantitative accuracy.

39.2.4 "Illegal drug" means any narcotic, barbiturate, marijuana, central nervous system stimulant, hallucinogen, cocaine or any controlled substance as defined by Section 893.03, Florida Statutes, as amended from time to time, not possessed or used in accordance with a lawful prescription.

39.2.5 "Specimen" means blood or urine of the human body capable of revealing the presence of drugs or their metabolites or alcohol.

39.2.6 “Adulterated or tampered specimen” means a specimen reflecting the presence of a foreign substance, reflecting clinical signs or characteristics not associated with a normal specimen, or if an endogenous substance is present at a concentration greater than the normal physiological concentration. An adulterated or tampered with specimen that is unable to be tested due to tampering or adulterants will be considered as a refusal to submit to the test and the member will be subject to disciplinary action, up to and including termination.

39.2.7 “Chain of Custody” refers to the methodology of tracking specified materials or substances for the purpose of maintaining control and accountability from initial collection to final disposition for all such materials or substances and providing for accountability at each stage in handling, testing, storing specimens, and reporting of test results.

39.2.8 “Safety-sensitive position” means any position, including a supervisory position covered by this Agreement, in which a drug impairment would constitute an immediate and direct threat to public health or safety.

39.2.9 “Special risk” means members who are required as a condition of employment to be certified under chapter 633 or chapter 943.

16. Evidence that a member has used, possessed, sold, solicited, or transferred drugs outside of his job related responsibilities.

The decision to require the member to submit to testing in the case of suspected alcohol abuse, or in the case of suspected drug abuse, will require the approval of the City Manager, or designee, upon recommendation of the member's immediate supervisor (Lieutenant or above) and a supervisor of the rank of Battalion Chief or above, prior to any test taking place. The cost of such test shall be the Employer's responsibility. Members who are using a lawfully prescribed drug are encouraged to notify their department head and/or the Human Resources Department in advance of taking a drug test. The Police Department will be notified if illegal drugs are found or involved. The Employer, in coordination with law enforcement officers, reserves the right to search City property and facilities.

39.3.3 On a random basis, provided that no member shall be randomly tested more than two (2) times in the same calendar year. Twelve and one-half percent (12.5%) of the bargaining unit shall be tested quarterly. Random selection shall be made by an independent contractor.

39.3.4 Routine fitness for duty. The Employer shall require a member to submit to a drug test if the test is conducted as part of a routinely scheduled member fitness-for-duty medical examination that is part of the City's established policy or that is scheduled routinely for all members of an employment classification or group.

39.4 Testing Procedures:

39.4.1 All specimens will be collected at a designated facility as arranged through the Human Resources Department. Chain of custody procedures, security procedures, and specimen collection (access to authorized personnel only, privacy, and integrity and identity of specimen) at the designated facility shall be in accordance with HHS Guidelines. The collection facility and the substance Abuse and Mental Health Services Administration (SAMHSA) certified tester shall follow specimen collection and testing procedures consistent with the HHS Guidelines, except as specifically amended herein.

39.4.1.1 Members who are required to submit to a test for the presence of alcohol or illegal drugs shall sign an authorization releasing all test results and records to the Employer. Any member who refuses to sign such authorization, or who refuses to submit to alcohol or drug testing in accordance with this policy, shall be subject to disciplinary action, up to and including termination.

39.4.1.2 While awaiting the results of the initial and confirmation test results, the member will be removed from active duty and placed on administrative leave with pay. If the test results are positive, the member shall be placed on annual leave or leave without pay .

39.4.2 The threshold level or cut-off limit for drugs shall be as established by HHS and/or SAMHSA. The threshold level for determination that a member is under the influence of alcohol shall be a threshold of .05 for reasonable suspicion and a threshold of .08 for random testing.

39.4.3 In testing for the presence of alcohol, testing that provides quantitative results showing the amount of alcohol present in the blood will be utilized.

39.4.4 In testing for the presence of illegal drugs, the following procedures shall be followed:

39.4.4.1 The member shall be required to provide two specimens at the time of collection.

39.4.4.2 The first of the samples shall be submitted for the initial drug test:

39.4.4.2.1 The Employer shall comply with the initial drug testing parameters set forth in Chapter 59A-24.006(4) (e) 1; and Florida Administrative Code, as may be amended

from time to time. If the results of this test are negative, no further testing will be conducted, unless the Employer determines the confirmation test is necessary.

39.4.4.3 If the results of the initial test are positive, the sample will be submitted for the confirmation test to verify the initial test results:

39.4.4.3.1 The Employer shall comply with the confirmation drug testing parameters set forth in Chapter 59A-24.006(f) 1; and Florida Administrative Code, as may be amended from time to time.

39.4.4.4 If the results of the second test are positive, only after a MRO (Medical Review Officer) has given the member an opportunity to explain the positive test results, the Employer shall be notified of the results. The Employer shall notify the member of the results. At that time, the member may elect to have the second sample subjected to testing. The member has the choice of having the second sample tested at the Employer designated lab, at Employer expense, or at another lab, that meets the specifications established in 39.4.1, at the member's expense. The Employer will reimburse the member for the expense of the alternate lab, if the results are negative, to a maximum of the amount the Employer would have spent if the Employer's designated lab had conducted the second testing. If the tests on the second sample are positive, or if the member does not request testing of the second sample, the Employer may take corrective action as provided below, including disciplinary action where appropriate.

39.4.5 The possession, distribution, manufacture, sale, or being under the influence of an illegal drug by a member will be grounds for immediate termination. Any member found to have possessed, used, or been under the influence of alcohol while on duty shall be discharged.

39.4.6 Any member who feels a need for alcohol treatment may request and will receive treatment through the City's Employee Assistance Program (EAP). Those who voluntarily come forward before being mandatorily requested to go for an alcohol screening will be permitted to continue employment with the Employer, provided they comply with all requirements of the alcohol treatment and/or rehabilitation program.

- 39.4.7 Any member who has a need to enter a substance abuse program may request and will receive treatment through the City's Employee Assistance Program (EAP). Members who voluntarily come forward before being mandatorily requested to go for a drug test will be permitted to continue employment with the Employer, provided they comply with all requirements of the substance abuse program. While in the program the member will be allowed to return to work if the authorized treating physician/psychologist approves; if not, the member may be placed on sick leave, vacation, compensatory time or leave without pay until approved to return to work.
- 39.4.7.1 The member will be required to sign a "last chance agreement". Said agreement requires the member to complete the approved treatment program/plan. If the member does not successfully complete the approved treatment program/plan as determined by the authorized treating physician/psychologist, the member shall be terminated.
- 39.4.7.2 If the member successfully completes the approved treatment program/plan, the member will be subject to four (4) random tests for two (2) years following completion of the approved treatment program/plan. Refusal to submit to a random test or have a positive, adulterated or tampered specimen, after rehabilitation, shall be terminated.
- 39.4.8 Those members who successfully complete a course of treatment or rehabilitation will be subject to unannounced testing for alcohol for a period of one year following completion of the treatment/rehabilitation program. A test result indicating the presence of alcohol during this period will result in the member's discharge from City employment.
- 39.4.9 Any member who is arrested for or convicted of a crime involving substance abuse is required to notify the City's Human Resources Department no later than twenty-four hours after such arrest or conviction.
- 39.4.10 Members who are required by this article to take a test shall be required to sign an authorization form releasing the records of such tests to the Employer. The Employer shall release relevant information contained in those records only to those Employer management officials and representatives directly involved in employment related decisions involving that member. This shall not limit the Employer from providing work-related information regarding the member to the member's supervisors, including work-related limitations or requirements and the

reasons therefore. Each individual receiving such information will be instructed regarding the confidential nature of that information.

- 39.5 If a member disputes the certification of reasonable suspicion, the member must nonetheless, submit to testing as ordered while simultaneously filing a grievance over the order. The grievance must be orally communicated to the Employer at the time the testing is ordered. The member may file this grievance through the designated Union grievance representative, legal counsel, or any other means as stated in Florida Statutes. The grievance shall immediately be subjected to the expedited arbitration process of the Federal Mediation and Conciliation Service unless the Employer and the Union mutually agree to a local arbitrator. A finding of no reasonable suspicion means the specimen shall be destroyed, and the member shall suffer no adverse consequences. Pending the arbitrator's decision, which shall be final and binding, the test sample(s) shall be preserved. The related costs of the expedited arbitration and preserving the test sample(s) shall be borne by the losing party. Where the Union does not represent the member and the arbitrator rules in favor of the Employer, the member shall be deemed the losing party and bear full costs. Refusal to submit to testing under the terms stated above may be grounds for disciplinary action, up to and including dismissal.
